SUMMARY

Client side-focused full stack developer with a flair for creating elegant code. Passionate about clean design and a smooth interface. Eager to master new technologies.

EXPERIENCE

Front-end Developer, Orvis   **11/2018 - Present**

- Contribute to architecting and developing an eCommerce site with a yearly traffic of more than 38 million users with a yearly gross income of $194m
- Develop reusable Angular (7, 8, 9) UI components and services which are used on various parts of the application
- Actively lead and mentor a team of front-end contractors in order to strategically target and complete an array of sprint stories
- Collaborate with QA team to define test cases, metrics, and resolve questions about test results
- Write technical documentation to define the system components, development environment and implementation planning and strategies
- Key Project: C5 - Cart and Checkout SSR Angular/Node.JS application which increased checkout conversion rate by 20%

Event Instructor, Thinkful   **8/2018 - 10/2019**

- Led educational webinars with over 30 attendees on the basics of computer science, JavaScript, HTML, CSS, Git, and GitHub
- Assisted attendees with their individual questions on the course material and making career changes
- Promoted Thinkful's courses and resources to interested attendees interested in becoming a software engineer

Litigation Examiner, Brown & Brown Insurance   **3/2015 - 10/2018**

- Presented serious bodily injury claims valued over $500k to a community of VPs, Directors, & attorneys who have the power to increase file reserves and approve settlement values over $150k/monthly to discuss strategic goals and further handling of said claim file
- Managed a team of investigators & attorneys to assist in coordinating 140 files at a given time throughout the litigation process
- Negotiated with plaintiffs' attorneys to settle bodily injury claims for less than 65% of the approximate value of plaintiffs' injuries
- Managed commercial auto claims for municipalities, districts, and universities in the NY and national programs
